WILDFLOWERS AUSTRALIA

*Growing a vibrant, cohesive and profitable
Australian wildflower industry*

WildFlowers Australia Ltd (WFA) supports the commercial wildflower industry which markets a wide range of Australian and South African cut flower and foliage products. WFA's main focus is to help growers, wholesalers, exporters and importers, florists and allied industry members through improved communication and networking. WFA also provides information to the public to promote the use and buying of wildflowers.

Why you should join WildFlowers Australia:

- Industry representation
- Industry events - meetings, conferences, field days
- National student floristry competition
- Technical and tailored information
- Regular member newsletter and email alerts
- Research and development support
- Subscription to *Australian Flower Industry* magazine
- Business opportunities
- Export promotion and marketing
- Responding to national issues such as biosecurity and legal access to pesticides
- Promoting the enjoyment and sale of wildflowers.
