

Growing a vibrant and profitable Australian wild-flower industry

WILD FLOWERS
AUSTRALIA

supports the commercial wildflower industry, which markets a wide range of Australian and South African cut flower and foliage products here & worldwide.

We are a membership based body, with experienced volunteers and experts working to benefit our members.

Our focus is on helping growers, wholesalers, export/importers, florists & allied industry members through communications and networking.

We also actively promote the increased use of wildflowers by Florists, using our prestigious annual National Student Floristry Competition.

We provide information to the public to promote the use and purchase of wildflowers across Australia.
